

Clean Up! Jordan

Take the pledge!

Jordan is beautiful, and we want to keep it clean and pristine for us all to enjoy. When it comes to keeping our country free from litter, we all have a role to play. It takes just one person, one school, one business, one organization, to positively impact our **Clean Up! Jordan Initiative** and the behavior of others in our communities.

Let us unite for a better future!

- I pledge to help keep Jordan beautiful by discouraging littering.
- I pledge to keep the areas around my business/home clean.
- I pledge to have adequate trash and recycling bins available to employees and customers.
- I pledge to require my employees to dispose of their cigarettes in adequate trash receptacles and keep cigarette butts off the streets and pavements.
- I pledge to educate my employees and customers about the need for a clean business establishment that does not contribute to Jordan's litter problem.
- And I pledge to encourage everyone in my community, including family, friends and colleagues, to be a responsible citizen and stop littering.
